"Champions Building Champions"

North America's Leading Bucking Horse Sale

Welcome...

Well boys, I can't believe it, this will be our 11th year. Reflecting back, I feel a deep appreciation to a lot of contractors and breeders that have contributed to making this sale what it is today.

Bucking horses have been my heart and soul since I began riding. I feel very fortunate to be involved in this business of breeding and raising what could become the next super star. I have made thousands of dollars and probably lost even more than I made over the years. I've been right and wrong, but I've learned a lot along the way. I still get excited when I see a horse try his heart out. It's a feeling I will never get over and that's why I love this business so much.

We have seen a lot of changes in rodeo in regards to bucking horses, some good and some bad. Some things hurt the industry, but on the flip side it created a demand for the best and increased the value of those that make the cut. It has more distinctively defined bucking horse breeders into either good salesmen or people who flat out have the real deal. All in all it is progress.

The biggest accomplishment of the sale is the consolidation of the best breeders in the world gathering together in one place year after year. The statistics of the sale speak for themselves, 37 National Finals horses and counting. That does not include the impact that it has made to the backbone of rodeos today or the breeding programs that this sale has helped showcase to the world. I am very proud of that and I owe a lot of different people in a lot of different ways for making this sale North America's leading sale year after year.

Our selections this year are absolutely outstanding, from select bucking horses to the best young horses in the world today featured in our futurity system. Our catalog also includes feature studs and some broodmares that are nothing short of amazing. So with that, on behalf of myself, my family and all of the volunteers that work behind the scenes to make this sale happen I welcome you to our 11th Annual Sale.

It doesn't get any better than this!

Dale, Amber, Kallen and Karsen Kling
